

2 schwefelhaltige Aminosäuren

* = essentielle

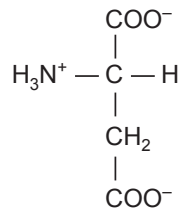

Cystein (Cys)

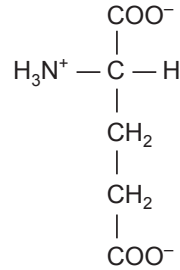

Methionin (Met)*

2 saure Aminosäuren...

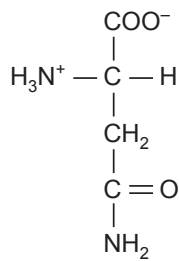

Asparaginsäure (Asp)

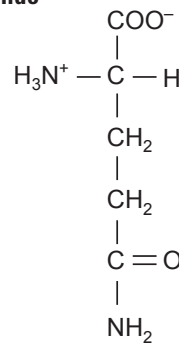

Glutaminsäure (Glu)

...und ihre 2 Amide

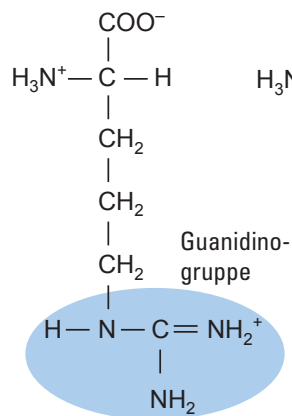

Asparagin (Asn)

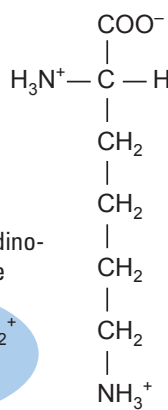

Glutamin (Gln)

3 basische Aminosäuren

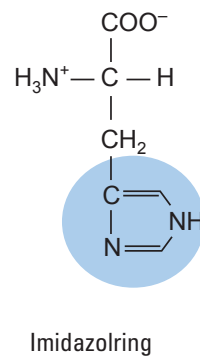

* = essentielle

Arginin (Arg)

Lysin (Lys)*

Histidin (His)
