

6 neutrale Aminosäuren

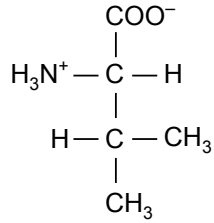

* = essentielle

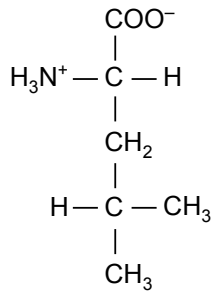

Glycin (Gly)

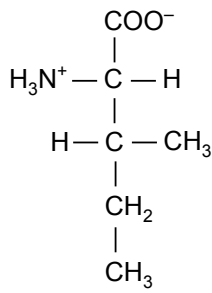

Alanin (Ala)

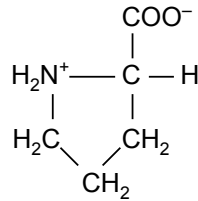

Valin (Val)*

Leucin (Leu)*

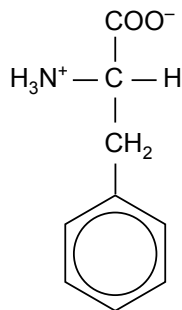

Isoleucin (Ile)*

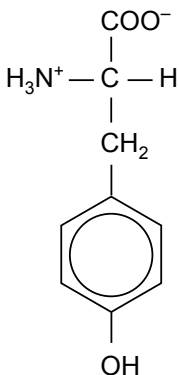

Prolin (Pro)

3 aromatische Aminosäuren

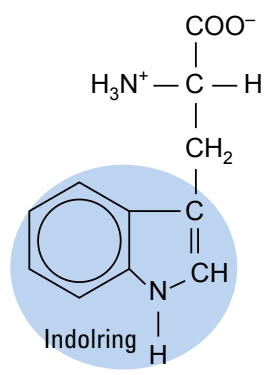

* = essentielle

Phenylalanin (Phe)*

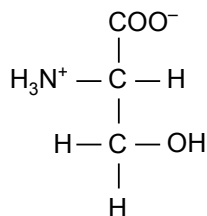

Tyrosin (Thr)

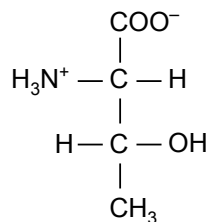

Tryptophan (Trp)*

2 Hydroxysäuren

* = essentielle

Serin (Ser)

Threonin (Thr)*
